Prior to arriving, please review our patient rights and responsibilities at  
[www.cgi-health.com/rights](http://www.cgi-health.com/rights).

If you are unable to access the patient rights and responsibilities (or you would prefer a hard copy), have any questions in regards to the prep, or if you need to change your appointment please contact \_\_\_\_\_ at 215-257-5071 ext \_\_\_\_\_.

When you arrive for your procedure, please bring both a photo ID and your insurance card(s) with you. You can expect to be here for approximately 1 ½ hours.

For our female patients between the ages of 18-57: On the day of the procedure you will be asked to provide the date of your last menstrual cycle and asked if there is any chance you could be pregnant. If uncertain, we advise you to take a pregnancy test prior to your arrival or your procedure will be cancelled.

Please no smoking the day of your procedure (cigarette, pipe, cigar, e-cigarette, and/or marijuana).

## THE PREP

### ***Note: Prescription Required***

#### **PRIOR TO YOUR PROCEDURE**

Obtain your prescription from any local pharmacy.

**Please note: Seeds, nuts, and the skins of fruit and vegetables interfere with our scoping equipment.**

**Please avoid eating these foods for 3 days prior to your procedure.**

**Peeled and deseeded fruit and vegetables are safe to eat.**

If you are DIABETIC, please consult with the physician who regulates your medication so that they make the proper adjustments while you are on a liquid diet the day before your procedure.

#### **THE DAY PRIOR TO YOUR PROCEDURE**

***NO SOLID FOOD IS TO BE EATEN THE DAY BEFORE YOUR PROCEDURE.  
PLEASE DISCONTINUE DRINKING LIQUIDS AT MIDNIGHT.***

The following clear liquids are acceptable the day prior to your procedure: soup broth, bouillon soup, soda, iced tea, hot tea, black coffee (no milk, cream or non-dairy coffee additives, sugar is ok), water, ***non-red or purple*** colored juices (i.e. apple, white grape, white cranberry), strained lemonade, ***non-red or purple*** colored Kool Aid, Gatorade, Crystal Light, popsicles without ice cream, Italian water ice, and Jell-O.

*Medications may be taken as usual on this day.*

Mix the package according to the directions and refrigerate.

Begin drinking the mixture between 4:00pm and 6:00pm.

Drink an 8 oz glass every 10 minutes until gone.

#### **MORNING OF YOUR PROCEDURE**

You may take your heart and/or blood pressure medication with a sip of water if necessary at least 3 hours prior to your procedure.

**DRIVER NEEDED:** If you do not have a driver you will have the option of either having the procedure done without sedation or you may reschedule for another day. Public transportation (cab, public or private transit vehicles, etc) is acceptable after your procedure **only** if you have a responsible adult to accompany you. An adult must remain with you for the remainder of the day.

You are not permitted to drive until the next morning.

**Reminder: No fluids within 4 hours of your scheduled procedure  
or you may be canceled!**
