If uncertain, we advise you to take a pregnancy test prior to your arrival or your procedure will be cancelled.

Please no smoking the day of your procedure (cigarette, pipe, cigar, e-cigarette, and/or marijuana).

THE PREP

Note: Prescription Required

PRIOR TO YOUR PROCEDURE

Obtain your prescription from any local pharmacy.

Please note: Seeds, nuts, and the skins of fruits & vegetables interfere with our scoping equipment.

Please avoid eating these foods for 3 days prior to your procedure.

Peeled and deseeded fruit and vegetables are safe to eat.

If you are DIABETIC, please consult with the physician who regulates your medication so that they make the proper adjustments while you are on a liquid diet the day before your procedure.

THE DAY PRIOR TO YOUR PROCEDURE

NO SOLID FOOD IS TO BE EATEN THE DAY BEFORE YOUR PROCEDURE.

You may have clear liquids up to **6 hours** prior to your procedure. Clear liquids are soup broth, bouillon soup, soda, iced tea, hot tea, black coffee (no milk, cream or non-dairy coffee additives, sugar is ok), water, **non-red or purple** colored juices (i.e. apple, white grape, white cranberry), strained lemonade, **non-red or purple** colored Kool Aid, Gatorade, Crystal Light, popsicles without ice cream, Italian water ice, and Jell-O.

Medications may be taken as usual on this day.

5PM Fill dosing cup with prep. Add water to the 16oz line.

Drink ALL the liquid in the container. When complete you MUST follow with two (2) or more 16oz containers of clear liquids over the next hour.

10PM Fill dosing cup with prep. Add water to the 16oz line.

Drink ALL of the liquid in the container. When complete you MUST follow with two (2) or more 16oz containers of clear liquids over the next hour.

MORNING OF YOUR PROCEDURE

NO FLUIDS 4 HOURS PRIOR TO YOUR PROCEDURE

Please remember to discontinue drinking fluids 6 hours prior to procedure! However, you may take your heart and/or blood pressure medication with a sip of water if necessary at least 3 hours prior to your procedure.

DRIVER NEEDED: If you do not have a driver you will have the option of either having the procedure done without sedation or you may reschedule for another day. Public transportation (cab, public or private transit vehicles, etc) is acceptable after your procedure **only** if you have a responsible adult to accompany you. An adult must remain with you for the remainder of the day.

You are not permitted to drive until the next morning.
